

Developmental Medicine and Child Neurology

Volume 13 1971

INDEX

Authors and subjects of articles in the body of the Journal are indexed together. Abstracts are included in the general index and listed both under subjects and authors, with '(abstr.)' at the end of the title. Letters to the Editor are indicated by the symbol '(L)'.

KEY TO ISSUES AND PAGES

Issue	Pages	Issue	Pages
No. 1	1-134	No. 4	419-560
No. 2	135-276	No. 5	561-702
No. 3	277-418	No. 6	703-840

ABBAS, K. A. *See* DONOGHUE, E. C., 512
 Abdominal epilepsy, 198
 ABRAMS, N. and PERGAMENT, E.: Childhood psychosis combined with XYY abnormalities (abstr.), 558
 Abscess, cerebral, in children, 800
 Adolescent, with cerebral palsy, operant procedures to eliminate drooling behavior in, 641
 — service, an, neurological disease on (abstr.), 418
 AER audiometry, cortical response of retardates for (abstr.), 416
 AICARDI, J. and BARATON, J.: A pneumoencephalographic demonstration of brain atrophy following status epilepticus, 660
 Aids for crippled children, 216
 AKESSON, H. O. *See* FORSSMAN, H., 415
 ALBERMAN, E. D., BUTLER, N. R. and SHERIDAN, M. D.: Visual acuity of a National Sample (1958 Cohort) at 7 years, 9
 — and GOLDSTEIN, H.: The early recognition of handicapping disorders in childhood, 396 (L)
 ALBUTT, E. C. *See* THEODORIDIS, C. G., 836
 Allergic factors, role of, in child with minimal brain dysfunction (abstr.), 133
 AMBRUS, C. M., WEINTRAUB, D. H., NISWANDER, K. R., FISCHER, L., FLEISCHMAN, J., BROSS, I. D. J. and AMBRUS, J. L.: Evaluation of survivors of respiratory distress syndrome at 4 years of age (abstr.), 702
 AMBRUS, J. L. *See* AMBRUS, C. M., 702
 American Academy for Cerebral Palsy
 Annual Meeting, Houston, 1970: abstracts of papers presented at, 246
 Presidential Address to, 533

ANDERMEERN, F. *See* MCNAUGHTON, F. R., 699
 Aniridia, with congenital cerebellar ataxia and mental retardation, 508

ANNOTATIONS

Abdominal epilepsy, 198
 Biological factors and fetal growth, 524
 Breath-holding spells, 102
 Central nervous system involvement in the haemolytic uraemic syndrome, 812
 Cerebral abscess in children, 800
 Cerebrospinal fluid, 522
 Chromatin-positive Klinefelter's syndrome in children, 671
 Classification of mental deficits, 668
 Cognitive function in children with epilepsy, 390
 Compression neuropathy in childhood, 531
 Congenital glaucoma, 231
 — sensory neuropathy, 109
 Cross-sectional anthropometric studies, 804
 Dermatoglyphic topology, 235
 Dislocated hips in the infant—a solved problem?, 112
 Drugs and motor functions, 384
 — in the management of spasticity, 386
 Infantile nystagmus, 244
 'It', or the ghost in the temporal lobe, 806
 'Metabolic' neuropathies and myopathies in infancy and childhood, 394
 Muscular dystrophy—where is the lesion?, 238
 Nerve, muscle and muscular dystrophy, 528
 Nervous system manifestations of cytomegalovirus (CMV) infection, 520

INDEX

- Notes on the presentation of statistics in medical papers, 674
 Origin of personality, 103
 Parent guidance, 243
 Prediction of urinary continence in myelomeningocele, 388
 Relation of trophic influences to diseases of muscle, 669
 Role of the paediatrician in the care of the mentally handicapped, 240
 Studying muscle tone, 113
 Thumbs in clinical diagnosis, 393
 Treatment of scoliosis in childhood, 809
 Ultrasound in the measurement of fetal growth, 106
 Unwanted effects of anticonvulsant drugs, 107
 Anthropometric studies, cross-sectional, 804
 Anticonvulsant drugs, unwanted effects of, 107
 Aphasia, acquired, an unusual form of, in children, 563
 ASHTON, R. and CONNOLLY, K.: The relation of respiration rate and heart rate to sleep states in the human newborn, 180
 Assessment and action, 561
 Ataxia, cerebellar, congenital, with aniridia and mental retardation, 508
 — — progressive, associated with Hand-Schüller-Christian disease, 174
 ATKINSON, W. J.: Studies in the movement of isotopes $RI_{131}SA$ and Na_{24} from ventricular CSF fluid, 51
 Atropine, in Down's syndrome (abstr.), 556
 Audiometry, AER, cortical response of retardates for (abstr.), 416
 Auditory stimulation, repetitive, EEG evoked responses to, in normal and Down's syndrome infants, 321
 BACK, E. H. See GRANTHAM-MCGREGOR, S. M., 79
 BADALYAN, L. O., GUSEV, E. I. and GUSEVA, M. R.: Genetically determined mucopolysaccharidoses in children (abstr.), 559
 BAKER, E. C. See SIBINGA, M. S., 63
 BAKWIN, H.: Car-sickness in twins, 310
 — Nail-biting in twins, 304
 — Persistent finger-sucking in twins, 308
 BALDWIN, D. G. See KITTler, F. J., 133
 BARATON, J. See AICARDI, J., 660
 BARNET, A. B.: Evoked potentials in handicapped children, 313
 — OHLRICH, E. S. and SHANKS, B. L.: EEG evoked responses to repetitive auditory stimulation in normal and Down's syndrome infants, 321
 Batten's disease, neurophysiological studies in, 477
 BAUM, J. D. and SEARLS, D.: Head shape and size of newborn infants, 572
 — Head shape and size of pre-term low-birth-weight infants, 576
 BAX, M.: 'The larger half', 135
 Behavioral abnormalities in rats with neonatal jaundice (abstr.), 697
 Behaviour, unstable, in severely subnormal children, 512
 — disorders, children's, imipramine in (abstr.), 415
 BENCH, J. and PARKER, A.: Hyper-responsivity to sounds in the short-gestation baby, 15
 BEREL, M., DILLER, L. and ORGEL, M.: Music as a facilitator for visual motor sequencing tasks in children with cerebral palsy, 335
 BERENBERG, W. and KANG, E. S.: The congenital hyperammonemic syndrome, 355
 BERMINGHAM, J., on Dr. Haskell's review of the *Proceedings of the Fourth International Seminar on Special Education*, 536 (L)
 BERRY, H. K. See BUTCHER, R. E., 697

- Centrencephalic epilepsy (abstr.), 699
- Cerebral abscess in children, 800
- artery, middle, bilateral thrombosis of, in a 14-month-old child, 613
- function, development of, in mammals (abstr.), 557
- palsied child, the future of the, 635
- palsy
- children with, music as a facilitator for visual motor sequencing tasks in, 335
- peripheral nerve block in, with phenol, 164
- psychological appraisal of, 707
- disturbance of two-point discrimination sensitivity in, 330
- drooling behaviour in an adolescent with, operant procedures to eliminate, 641
- heart-rate variability in a group of children with, 645
- language of the child with, application to, of facial gnosis in the normal child (abstr.), 699
- prevention of, 137
- spastic diplegic, shufflers with: a confusing clinical picture, 651
- ventricles, size of, and malnutrition (abstr.), 838
- Cerebrospinal fluid, 522
- spectrophotometry of, in the newborn period, 789
- ventricular, movement of isotopes from, 51
- CHANCE, G. W. *See* THEODORIDIS, C. G., 836, 837
- CHARLES, D. *See* BRAUN, P., 560
- CHEMKE, R. C. J. *See* KLINGBERG, M. A., 735
- Child
- cerebral palsied, the future of the, 635
- hyperactive, and accidental poisoning (abstr.), 133
- normal, facial gnosis in: application in language problems of the cerebral palsied child (abstr.), 699
- of 14 months, bilateral thrombosis of the middle cerebral artery in, 613
- school-age, with myelomeningocele. Social and emotional adaptation (abstr.), 837
- skin of, significance of a white macule on, 397 (L)
- with brain dysfunction, role of allergic factors in (abstr.), 133
- Neurology, European Study Group on, 126
- Childhood
- and infancy, 'metabolic' neuropathies and myopathies in, 394
- compression neuropathy in, 531
- epilepsy in, nitrazepam in (abstr.), 701
- value of blood phenytoin estimation in (abstr.), 697
- gait, development of, 196, 207
- handicapping disorders in, early recognition of, 88, 396 (L)
- psychosis of, combined with XYY abnormalities (abstr.), 558
- scoliosis in, the treatment of, 809
- skull fractures, growing, varieties of (abstr.), 701
- Children
- 6- to 10-year-old, nocturnal enuresis in (abstr.), 134
- behaviour disorders in, imipramine for (abstr.), 415
- cerebral abscess in, 800
- chromatin-positive Klinefelter's syndrome in, 671
- crippled, aids for, 216
- deaf, young, visual perception and eye-motor co-ordination in, 373
- epileptic, cognitive function in, 390
- folic acid supplementation of phenytoin in, 343
- genetically determined mucopolysaccharidoses in (abstr.), 559
- handicapped, evoked potentials in, 313
- play equipment for: inflatables, (abstr.), 271
- hospitalised, neurological disease among, 677 (L)
- hyperactive, serotonin concentrations in whole blood of (abstr.), 700
- hypervverbal, hydrocephalic, language characteristics of, 746
- large-for-dates, or small-for-dates, at birth, post-natal growth of, 421
- Lennox syndrome in (abstr.), 838
- National Sample (1958 Cohort), visual acuity of, at 7 years, 9
- severely subnormal, unstable behaviour in, 512
- shoeing of, sham or science?, 188, 676 (L)
- small-for-dates, or large-for-dates, at birth, post-natal growth of, 421

INDEX

- unusual form of acquired aphasia in, 563
- with cerebral palsy
- heart-rate variability in, 645
 - music as a facilitator for visual motor sequencing tasks in, 335
 - peripheral nerve block in, with phenol, 164
 - psychological appraisal of, 707
- with chronic epilepsy, development of cerebral gliomas in (abstr.), 132
- with Prader-Willi syndrome, blood lipids in, comparison with simple obesity (abstr.), 836
- plasma growth hormone levels in (abstr.), 837
- with severe epilepsy, treated with carbamazepine, long-term follow-up (abstr.), 272
- with sulphatide lipidosis (metachromatic leucodystrophy): EEG studies, 20
- young, maturation of fine prehension in, 3
 - disturbed, thiothixene in (abstr.), 417
- Chin-trembling, hereditary, with nocturnal myoclonus and tongue-biting in dizygous twins, 726
